

Women to Women Hearts of the Kingdom

Some women in the Middle East suffer from oppression and abuse in their culture. Although these same women have great spiritual influence in their homes and communities, they tend to be overlooked by evangelistic outreaches targeting the men of the culture. Unfortunately, because of these hardships, women may never have a chance to hear and respond to the gospel.

Cultural prohibitions in certain parts of the world limit male and female communication, making it necessary for women to reach out to other women. The message of the gospel will likely be passed from one family to the next, and the spiritual influencers will share the gospel and the hope found in Christ.

We are looking for women who have a heart to reach other women for the kingdom. By meeting with individual women and offering gifts of *JESUS* and *Magdalena: Released From Shame* VCDs, you can help sow the seeds of a new women's movement. Join us as we bring the gift of the gospel to these women.
