

# Desert Caravan

**W**e have an opportunity to be Jesus' hands and feet to a forgotten group of people living in a remote desert location. They endure many hardships and believe God is with them in the midst of their suffering. God has given us an open door to build friendships as we help them improve their English language skills. The more we show our love for these dear people, the more they will realize their need to know God through Jesus. Join us in reaching out to this spiritually needy community.

We will be the "face of God" as we represent His family, showing love and concern for these people who have been displaced from their original homeland. We plan to work with all age groups as we engage in conversation and teach basic English skills (no prior teaching experience is required). You will be surprised how God will use you to touch lives as you join us for "Desert Caravan." Be ready to serve and be a blessing!
