People are hungry  
for the truth.  
How will they hear,  
unless...

someone goes  
and tells them?

Taking the gospel  
where Christ  
is not known

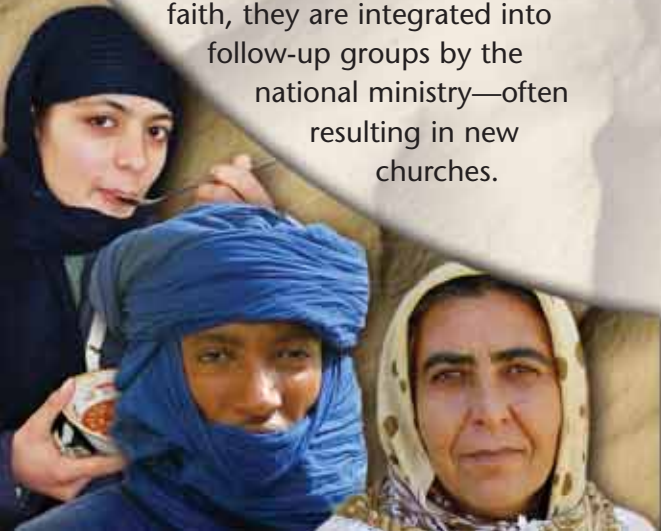

## The need

Campus Crusade for Christ International is expanding worldwide to help reach least-reached people with the gospel. This inherently presents some challenges. With only limited staff available to reach populations numbering in the millions, Campus Crusade actively partners with many other evangelical agencies in this overwhelming task.

Still, there remains a shortage of staff capable of effectively presenting the gospel and providing ongoing discipleship for those who come to faith. With limited resources, national ministries are often stretched beyond their capacity to open up new areas and expand their ministry quickly.

Help is continually needed to evangelize and find those who are ready to receive Christ. JESUS Film Mission Trips provide workers for two weeks, utilizing the *JESUS* film as a major tool in this process. As new believers come to faith, they are integrated into follow-up groups by the national ministry—often resulting in new churches.

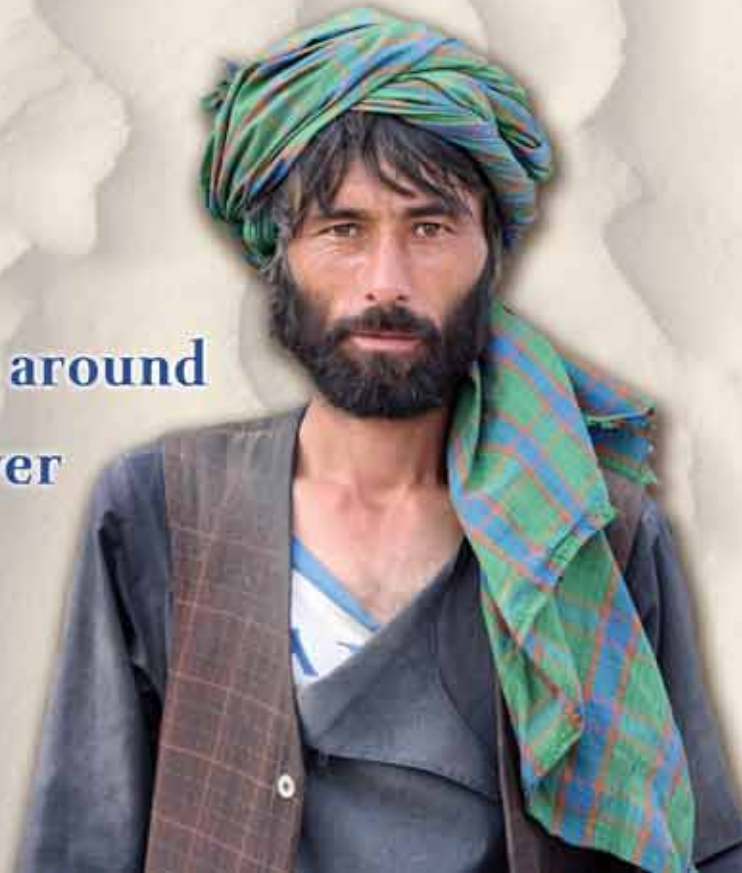

## The 10/40 Window

- 61 countries.
- ⅓ of the world's population.
- 97 percent of the least-evangelized people.
- Geographically hard to reach.
- Challenging and difficult politics.
- Few evangelical Christian workers.

Millions of people around the world have never heard about Jesus Christ. You could help tell them.

## The greatest need

An unreached people group is defined as a language population group with less than 2 percent evangelical Christians.

## What we do

JESUS Film Mission Trips works alongside Campus Crusade staff and partner ministries to reach out to unreached people groups through many strategies including personal evangelism, showing and distributing the *JESUS* film in areas where our national ministry partners are in place to follow up with those who show spiritual interest.

## What can you accomplish in two weeks?

- Plant seeds; broad sowing.
- Pre-church planting.
- Open up ministry in new areas (reaching unreached people groups).
- Increase momentum to indigenous ministries—providing them with many filtered contacts for follow-up.
- Reach an individual, a family or an entire village.

## Join us on a trip

We are looking for people with a love for the Lord, a taste for adventure and a desire to serve Christ in reaching those who have never heard the gospel.
